QUALITY
ROSE COAL is always of uniform quality, burning out clean and free from clinkers. Mined in the outskirts of the City of Scranton, there is probably no better coal to be found in the whole Scranton District.

QUALITY
ROSE COAL is always of uniform quality, burning out clean and free from clinkers. Mined in the outskirts of the City of Scranton, there is probably no better coal to be found in the whole Scranton District.

QUALITY

SANITARY and HEATING ENGINEER

As good things here in Baths, Closets, Basins, Sinks, etc., as you'll get anywhere else. Some things better for a great deal less money. It isn't what you pay—it's what you get at a price. We could demand more but we won't. We would ask you less but we can't.

"The Goose That Lays THE Golden Eggs"

Don't kill her!

Don't do anything that will lessen her laying power!

On the contrary, feed her and nourish her so that you'll get more eggs from her! She needs your help and your good-will.

A man out of a job, or only partially employed, is a poor customer. You much prefer, don't you, to deal with customers whom you know are earning good wages in thriving local industries? Their credit is good,—they pay their bills.

Did it ever occur to you that, out of every dollar's worth of Canadian-made goods you buy, from 25 to 50 cents goes to the Canadian workman living in Toronto or in some other Canadian city, and enables him to buy from 25 to 50 cents worth more goods from his tradesmen?

Did it ever occur to you that, out of every dollar's worth of foreign-made goods you sell, about 75 cents or more disappears from Canada forever, and the buying capacity of the Canadian workman is correspondingly reduced? The wages that should be in his pocket have been paid to the foreign workman.

In 1913, over $692,000,000 of Canadian money was spent for foreign goods. Think of it—six-hundred and ninety-two millions! Half of these goods could have been made in Canada, and Canadian workmen and Canadian retailers would then have been $100,000,000 to $150,000,000 better off than they are to-day.

This tremendous leak of nearly $2,000,000 per day is still going on! You can help to stop some of it, and, moreover, you owe it to yourself and your own business to do all you can to check this drain on the country's resources.

So, ***decide now,*** to help feed the goose! ***Decide now*** to increase the sale of Canadian-made goods! ***Decide now*** to keep more money in Canada.
